Blossom Nursery's Learning Week

This week the children have been so happy to be back in Blossom! Our story of the week is Owl Babies and we have been talking about how mummy Owl goes out to find food but always comes back. This helped the children explore feelings of missing someone, feeling safe and trusting that our grown-ups come back.

Our colour of the week is green, so of course we made green playdough! The children loved squishing, stretching and creating, as well as enjoying mark making and painting.

These activities helped develop their fine motor skills, creativity, communication and confidence as they explored new skills through play.
It has been a lovely week of reconnecting, learning and lots of happy moments in Blossom!

Catkin Nursery's Learning Week

This week the children have been getting used to their new setting, exploring the resources and developing new routines. Our focus during these first few weeks will be ensuring the children feel confident in their new environment.

We have also found some time to enjoy some stories together, do some singing and lots and lots of play! The children showed lots of interest in experimenting with gravity - using the ramps and cars to make their vehicles go faster.

There was also lots of activity in the mud kitchen and many children felt a big sense of accomplishment using the climbing frame and get up high and slide down the poles. We look forward to welcoming more children next week.

Reception's Learning Week

This week, our children have been busy settling into their new classes, starting in smaller groups so they have plenty of time to feel happy, safe and confident in their new surroundings.

They have been getting used to all the new faces and places around school, making new friends and getting to know their teachers. From exploring new toys and sharing stories to playing games and learning new routines, there has been so much to discover — and, most importantly, lots of fun along the way!

Year One's Learning Week

The children have had a brilliant week settling into life in Year One! We have been working hard to memorise and practice our Brookfield values in the classroom and around the school. The children have loved exploring all the resources in their new classrooms. We have made some incredible magnet-tile constructions, mind-boggling marble runs and cosy homes for the small world creatures. The adults have been so impressed with how well Year One can tidy up, line up and look after all the toys! An excellent start to the year.

Year Two's Learning Week

What a wonderful first week we have had in Year 2! We have been so impressed with how well everyone has settled into their new classes and routines. The children have come in each day with such positive attitudes and have already shown what a kind and caring year group they are.

We have been especially proud of how thoughtful the Year 2 children have been towards the new Year 1 children in the playground, helping them to feel happy and welcome in their new surroundings.

This week, we have also been busy getting to know each other, drawing our self-portraits for our new book corner and learning how to work together as a team. Everyone has shown kindness, patience and enthusiasm throughout the week.

It has been such a lovely start to the year, and the whole Year 2 team is incredibly proud of all the children. We are very excited for the year ahead!

Year Three's Learning Week

What a lovely start it has been to the new academic year! All of the children have been so involved in all of our induction activities and it has been such a pleasure to welcome them to Fern and Heather classes.

We have been busy designing our class charters and producing creative self-portraits, inspired by pop art. In English, we have begun reading our new book 'Marcy and the Riddle of the Sphinx' and learning about ancient Egypt. In Maths, we have started our Place Value topic, learning to partition into tens and ones. Please have a go at practising spellings for next week —>

Words where the digraph 'ou' makes an /ow/ sound

- mouth
- around
- sprout
- sound
- spout
- ouch
- trout
- hound
- found
- proud

Year Four's Learning Week

What a lovely start to the new school year we've had in Year 4!

This week, we've been busy settling into our new classrooms, getting to know our new routines and creating our **Class Charters** together. We've also been learning all about our **new school values**, thinking about what they mean to us and how we can show them every day.

The children have already been working hard to create some fantastic displays to make our classrooms feel special. We've also jumped straight into our learning! In History, we have begun our exciting new topic on **Ancient Rome**, starting with the fascinating legend of **Romulus and Remus** and the story of how Rome began.

It has been such a positive and happy first week. We're incredibly pleased with how well everyone has settled in, and we can't wait to get going with all the exciting learning Year 4 has in store!

Year Five's Learning Week

A very warm welcome to Year 5!
We are all so happy to see all our children well rested and ready for their new chapter of school life.

And it's back to business from day one: we have done our self portraits in the style of Romero Britto, learned how to read and write Roman numerals- including numbers: L, D and M.

We have also read the first chapter of our new book: The Goldfish Boy. In Maths we will focus on place value of number up to hundreds of thousands and in science we will be learning about forces.

infectious	devious	repetitious	nutritious	fictitious
notorious	ambitious	curious	amphibious	obvious

Year Six's Learning Week

What a brilliant start our **Year 6 children** have made! This week, we have welcomed them back and talked about all the wonderful things they have to look forward to in their final year at Brookfield. From the excitement of their upcoming **PGL residential** and the **Year 6 play**, to stepping up as **Young Leaders** and taking on all the special responsibilities that come with being the oldest children in our school, there is so much ahead of them. And, of course, after years of waiting, they have finally earned one of the greatest privileges of Year 6… **they get to sit on the benches in assembly!** We're not sure which they're more excited about — PGL or the benches!

Most importantly, this is the year they will complete their **Brookfield journey**, and we want them to make every moment count. We have already been blown away by how brilliantly they have thrown themselves into their learning, showing real focus, determination and dedication from day one. We have a feeling this is going to be a very special year — **Year 6, you are going to absolutely smash it!**
